

Accessibility Self-Declaration

GIMATEC SRL is committed to making its website accessible, in compliance with the **Web Content Accessibility Guidelines (WCAG) 2.1 – Level AA**, and in accordance with the principles of the **European Accessibility Act (EAA)**, effective from 28 June 2025.

Scope of Application

This declaration applies to the website: <https://www.gimatec.com>.

Compliance Status

The website is **partially compliant** with the requirements set out in Annex A of the **UNI EN 301549:2018 standard (WCAG 2.1)** and with the requirements under Annex A of the Ministerial Decree of 5 July 2005 (WCAG 2.0), due to the limitations listed below.

Several measures have been implemented to ensure the most inclusive user experience possible:

- Use of clear and readable language
- Responsive layout, readable on all devices
- Adequate visual contrasts
- Keyboard navigation enabled
- Compatibility with the main screen readers
- Checks carried out using automatic tools and manual testing

Note: although the aim is also to meet several Level AAA criteria, official compliance is declared at Level AA, in line with current legislation.

Non-Accessible Content

Some areas of the website may not yet be fully accessible. In particular:

- Descriptive alternative texts for the main images
- Keyboard navigation of menus
- Some dynamic elements may require further improvements in terms of ARIA semantics

We are constantly working to resolve these issues.

Implementation of the European Accessibility Act (EAA)

The website is designed taking into account the provisions set out by the **European Accessibility Act**, effective from **28 June 2025**, in particular to ensure:

- Interoperability with assistive technologies
- Simplified access to content, forms, purchase pages, information and digital services
- Accessibility of services also for users with visual, hearing, motor and cognitive disabilities

This declaration will be updated according to future technical and regulatory developments.

Preparation of the Declaration
